

HDMI Extension Cable

GDI-HDMIEX-MF-0150

The **GDI-HDMIEX-MF-0150** is a compact HDMI Type-A male-to-female extension cable designed to extend HDMI connections in AV, digital signage, networking, and consumer electronics applications. The cable features full 19-pin straight-through wiring for reliable transmission of video, audio, Ethernet, and control signals while maintaining HDMI compliance.

Its short 150 mm design reduces connector stress and improves installation flexibility when space is limited.

Key Features

- HDMI Type-A Male to HDMI Type-A Female
- 19-pin straight-through connection
- Supports HDMI digital audio and video signals
- Shielded construction for signal integrity
- Compact extension design
- RoHS compliant materials
- 100% continuity and insulation tested
